Resources such as Fabricators, Welders, Millwright /Mechanic /mechanical Fitters, Electrical & Instrumentation technicians, Painters & Blasters, Riggers, Scaffolders, General Helpers can be supported as per client requirements

Civil Repair and Maintenance

Our experienced maintenance team is undertaken to keep, restore or improve every facility, i.e., every part of a building, its services and surrounds to a currently acceptable standard and to sustain the utility and value of the facility.

Electrical Fittings & Fixtures Repairing & Maintenance

At SATS, we have a large team of licensed electricians to fully undertake all your electrical repairs, maintenance and replacement tasks. As an expert electrical maintenance company, we provide our services in Dubai and the rest of UAE. No matter where you are or the nature of electrical issues, we can have it fixed in a faster, safer and inexpensive way. Our electrical services can be availed for both residential and commercial sectors to ensure maximum safety at all times. We also offer free inspection before offer.

Electromechanical Equipment Installation And Maintenance

Devices which carry out electrical operations by using moving parts are known as electromechanical. Strictly speaking, a manually operated switch is an electromechanical component, but the term is usually understood to refer to devices which involve an electrical signal to create mechanical movement, or mechanical movement to create an electric signal. Often involving electromagnetic principles such as in relays, which allow a voltage or current to control other, usually isolated circuit voltage or current by mechanically switching sets of contacts, and solenoids, by which a voltage can actuate a moving linkage as in solenoid valves.

False Ceiling & Light Partitions Installation

We keep ourselves synced with developments that take place in the industry from time to time, and we are engrossed in delivering a wide range of false ceiling contractors for our esteemed customers. We offer an array of contract services rendered without compromising on the quality.

Painting Contracting

The Sliver Arch technical Services in Dubai offers high-quality, professional interior home painting services to manage your project in a quick, convenient and easy way. With us, we make painting chores painless while managing all logistics of the project to ensure a job well-done. Adding a fresh coat of paint is all you need to transform your home's interior into something absolutely stunning and beautiful. Whether your project needs to be painted from scratch or a single coat to hide a wear-and-tear, we can dramatically improve your walls with trendy designs & high-quality paint. applying paint on the interior and exterior surfaces

Floor And Wall Tiling

Tiles are a distinct feature which adds beauty and functionality to any room of the house or the office. Whether reaping the benefits of a tile's durability or creating a piece of art on the floor and walls, the team SATS covers it all. The material we choose for your project is as important to us at its beautiful appearance. We choose from durable porcelain, stunning ceramic, timeless marble and more to make sure the installation achieves all your design goals. We not only give you options to choose from classic and neutral to bright hues but also offer a variety of styles using unique shapes that define and geometric interest and takes your tile designing to a whole new level by adding hexagons penny rounds, arabesques, subways and large-format tiles.

Plumbing & Sanitary Installation

A simple plumbing leak can be damaging to a home and costly to repair. We are plumbing experts in Dubai to provide you professional services that are hassle-free and less-expensive with full peace-of-mind. We do more than just pipe repairs and fixing by providing invasive repairs to walls and floors post-plumbing, fixing and installation. Our best plumbers provide complete plumbing repairs and maintenance services at a reasonable price. We come prepared with the right tools for prompt and efficient services every time.

Wall Paper Fixing Works

Wallpapers are often used to add life to simple work places or rooms, but the problem that occurs over time is, the designs become outdated, and the paper itself can start to show signs of wear and tear. Team SATS is here for the rescue, whether you want to remove it or paint the room afterward team RTS is here to make the process nice and easy from start to finish.

Air-Conditioning, Ventilations & Air Filtration Systems Installation & Maintenance

We provide full AC Service, AC Maintenance, Repair and installation. We can install a single unit or an entire office building, always with speedy, high-quality service.

Plaster & Cladding Works

Our expert team of plasterers and cladding specialists are able to provide complete plaster and cladding services including the interiors and exteriors of residential or commercial buildings. We work according to your precise requirements and needs. Plaster is used for coating walls and ceilings to provide extra protection and resistance to these key areas of a home and building. It is also used to add decorative features and ornamentation to walls and ceilings. Cladding is another important element in the building trade, as it involves the application of one material over another material.
